

# Apprentice UI/UX designer

BRADLEY M. HILL

## ABOUT

After gaining my degree in Philosophy from the University of Hull I traveled to the colds of Canada and the heats of Australia, learning the arts of culinary delight and building further upon my Bar management experience, I have since been cheffing and baking and now look to break into the weird and wonderful world of UI/UX Design.

## EXPERTISE

Time Management	★★★★
Creativity	★★★★
Communication	★★★★
Problem Solving	★★★★
Leadership	★★★★
French	★★★★

## WORK EXPERIENCE

### Walled Garden Restaurant

2019 - Present

#### Chef de Partie

Working here has allowed me to work closely with the Head Chef designing various seasonal dishes that have featured on our menu.

- Time management and lots of short deadlines.
- Creativity with flavour combinations, plating and garnishing.
- Clear and concise communication as we synchronise our orders and timings.

### Grand Parc de Puy du Fou

2017 - 2019

#### Kitchen Manager

Very high traffic kitchen where our front and back of house teams had to work together to satisfy the demand.

- Leadership was tested with the different teams I worked with each year.
- My fluency and confidence in my French continued to increase and be refined.
- Managing the daily scheduling to best manage the flow of customers in the Parc.

## EDUCATION

### Google Foundations of UX Design

2022- Present

### University of Bath Spa

2022

#### Bootcamp in Creative Computing

- Introduction to the fundamentals of UI/UX design, as well as showing us how different techniques and approaches impact the final design.

### University of Hull

2006 - 2009

#### BA Philosophy

- Critical thinking, problem solving, Logic and reason, along with Abstract ideas being examined analysed and tested. Creative thinking and strong communication skills.
